Comcast Business Self Install Kit (SIK)

Comcast Business is launching a new connect SIK (self-install kit) program, beginning with Small Business Internet (BI) only customers. While some customers may want the white glove experience of a professional technical installation, others are looking for flexibility and take pride in their ability to own their site network and technology.

- **Eligibility:**
 - Small Business (SMB) and Home-Based Business (HBB)
 - New Business Internet only customers.
 - Customer address must have had Comcast service in the past (no construction required)
- **Products: Internet Only**
 - Available with Current Speed Portfolio: 35/5, 100/15, 200/20, 300/30, 600/35 & 1G/35
- **Features:** Standard WiFi
- **Customer Premise Equipment (CPE):**
 - Business Wireless Gateway (BWG) Model DPC3941B
 - Comcast Business Router (CBR) CGA4131COM
- **Markets SIK trial is Available:**
 - **Central Division** – Heartland
 - **Northeast Division** – GBR
 - **West Division** – New Mexico, Utah and Arizona
