Complete solutions for healthcare organizations

COMCAST BUSINESS
Solutions Provider

Comcast Business is Powering Possibilities™ with powerful connectivity, unstoppable cybersecurity, and partners that understand you and your business. See how our full suite of solutions can keep your healthcare organization ready for what's next.

Connect with our Business Internet and Business Ethernet solutions

Fast, reliable Internet and Ethernet speeds to exchange large medical files, conduct video-based consultations, streamline processes, and improve patient and staff experiences.

Offer a better waiting experience with Comcast Business TV

Entertain waiting patients while you stay on top of local news. View TV content on any screen in your organization — mobile, tablet or desktop. Easily find the content you're looking for with X1 for Business.

ActiveCore℠/SD-WAN

Get a fully integrated view of your network down to the device and port level – from anywhere on any device. Supports cloud and branch connectivity and future proofs your network.

Help maintain continuity with Connection Pro

Help avoid downtime for up to 8 or 16 hours in the event of a power outage or unforeseen circumstances with automatic 4G LTE wireless backup.

Get connected with WiFi Pro

Keep staff and patients connected without impacting your Internet speed, data security or patient confidentiality with separate office and visitor WiFi networks.

Get extra security with DDoS Mitigation

Block DDoS attacks without interrupting normal network traffic. Keep confidential patient information secure with DDoS Mitigation Services for Ethernet.

Be anywhere with Voice Solutions

Provide a seamless, unified business appearance at all times and locations. Easily route incoming calls to stay connected with clients, staff and branch locations around-the-clock.
